We had our best month last month. Joined The 10X Fam at the beginning of last month.

Prior to that our record month was \$73K.

November we did \$112,500 with \$80K through the merchant account and a \$32K cash deal!

My sales guys did a phenomenal job, my marketing director was putting in double time, and we spent more money on advertising and retargeting.

I don't say this to brag and I also know that this is not a big number compared to what we are capable of. I have met multi multi millionaires in this community and I have met people just getting started. There is room for everyone to win who is willing to hustle harder than the next guy!

**Shannon Nicole** Hello Friends, I am a Mom & a Grandma. I have my own business working from home & my income has TRIPLED each month in 2020. I am looking forward to continued growth within this community & strengthening my leadership...

**Brenni Larson** MY ATTITUDE ABOUT LIFE AND BUSINESS SINCE JOINING CARDONE U I think in 11 days I am addicted to 10X. I was stuck in a rut of grief and anger for 1 1/2 years (what a waste of energy and time) My life is shifting fast now. Clarity and new ideas are flowing rapidly. Mornings used to be the worst for me, crying and depressed. Now I listen to 10X, do my am intention for the day, and am moving towards my True Potential.

**Joel Buhr** Excited to look at the performance from our team. In Q2 we saw a 17.38% increase in sales with a 29.36% increase in profit margin from this time last year. Over all we are at a 14.86% growth in profit from last year this time. So if we can get 29.36% growth in a pandemic.... Imagine In February we made the decision to jump on Cardone U Corp. Thank you Alex Grant for all your help!

**Mariana Weber** In the beginning of 2020 I was making 45k and NOW August 2020 I am making almost 100k with two streams of income! Thank you OC you truly opened up my eyes to see my capabilities and how to live a 10X life of success. I would not be here and working towards being the first millionaire in my family without you today. #fromthetown

**Jason Frickey** Letting everyone know here. I have increased my income 2.5x since being laid off from Covid. All by working all overtime provided, going out of town to be able to receive per-diem. And it has been a blessing because it provides me with the money I need to invest in myself more. I am in the 10x income annual. So you will keep on seeing me as well as I'm in it for the my lifetime. Let's get it 10ers!

**Ryan Williams** This is week 2 for me. After finishing Marketing Mastery this past week, I have a meeting set up with a dealership that would be \$30-40k in revenue a month this week. I own a detail company and I've only focused on quality, high end work. But it's... See More

**Brandon J. Garcia** Just got some great news from my sales manager. My internet close rate is 30%. Highest in the dealership!

**Jarrold Cook** I know this isn't huge to some of you but it is to me! Since starting the money mastery course (the day after the first mentor presentation) I have increased my income \$750 a month by moving to a new job I, not only did I get this increase but I also was giving the option to find new jobs for the shop and by the customer and a \$600 commission coming my way!

**Meric Weir** Back in 2014 I was homeless and addicted stealing to support my habit now I'm 2020 I started my own car dealership on pace to break \$100k first year after doing 150k on the line last year for a independent dealer in Portland or

**Rob Strutt** Hey Everyone, My names Rob Strutt and I've just joined the group. I'm an insurance broker currently living in Melbourne, Australia. I've been following Grant and using his material heavily for 3 years, and have increased my income from 80k to 200k a year. I've just started Cardone U and can't wait to go to next level and blow it up! Really exciting about being part of this community and getting involved in this network. See you all at the top!

My name is Sam from Houston, TX. I joined Cardone University and 10X webclass about a week ago and I'm loving it. It's crazy how his follow up strategies are amazing. I have always been a follow up type of guy but with Grant I'm taking it to the next level and my closing rate is getting higher. I used the apology follow up strategy to a deal that was lost back in March, this morning the customer calls and decides to move forward. I'll continue to learn and implement, the best and cheapest university I have ever been to. Let's go 10X!!!!

## FREQUENTLY ANSWERED QUESTIONS

### ❓ How can this help me make more money?

You need 4 "I's" to increase your income. INTELLIGENCE: you're getting the best money-making training on the planet. IMPLEMENTATION: Grant is going to push you every step of the way because without action, nothing matters. INVESTING: Starting with your investment today, you'll start moving toward creating passive cash flow. The last "I" is for you to say to yourself "I CAN DO IT." That one is up to you.

### ❓ How is the 10X Income System different?

First of all, it was created by Grant Cardone. There isn't a "guru" alive that can compare. More importantly though, this is WAY more than just training. This is a personalized system that starts from where you are and takes you step-by-step-by-step until you get to where you want to go.

### ❓ Is the 10X Income System right for me?

If you're someone who wants more out of life... absolutely. If you're someone who expects something for nothing... this is not your thing.

### ❓ When will I get access to all my training?

INSTANTLY. All training is online for your convenience and can be accessed anytime, anywhere. You can complete your training from any laptop, desktop, tablet or mobile device. Certifications are also provided immediately upon completion.

### ❓ How long does the program take to complete?

You're going to access over 50 courses and well over 1000 trainings, so the reality is, you will never be "done". Successful people are never done learning. What matters most is that you get a massive return on investment both with your money and your time.

### ❓ How does virtual coaching with Grant work?

Grant built his virtual coaching system with one primary fact in mind: without accountability you will never be successful (never ever). With virtual coaching you can tell Grant your target income, your milestone goals and how hard you want to be pushed. You'll then get regular messages from Grant's account that will give you praise when you deserve it, and a kick in the butt when you need it. It's one of those things you have to see to believe.

### ❓ Should I do the 3 month or 12 month plan?

If you can swing it, go for the 12 month. You'll save money (the equivalent of getting 2 months for free) and you'll get a bunch of exclusive bonuses. Annual perks include recordings from EVERY year of the 10X Growth Convention, all Grant's bestselling audiobooks and his entire Business Development program.

### ❓ If I don't love it can I cancel at anytime?

Absolutely. There are no long term contracts and you're welcome to cancel at any time, for any reason. That said, after you make this investment today, we believe you'll be highly motivated to take this seriously. Let's make you so successful that you never want to leave.

### ❓ What kind of customer support will I get?

The best in the business. In addition to our rockstar student success team, you're also going to be supported by the Cardone U Connect online community. When you get started today you'll never be alone again.

### ❓ Why am I still reading these questions?

Now that is a good question. I respect the fact that you're looking at the details, but please remember: successful people know how to make decisions. If you want to do it, make your move.

**10X STRESS FREE  
GUARANTEE**

You can invest in the 10X Income System knowing that we'll deliver the best training and support on the planet. Me and my team will be with you every step of the way to ensure you fully utilize the program and all the benefits. Our #1 goal is to get you real results and if you're not 100% satisfied, you can cancel at any time. We've got your back!

First of all, I want to thank all my 10Xers out there who jumped on the [10X Income System](#). You guys rock! I listed the first 100 below, we're going to CRUSH it together!

For those of you who haven't taken advantage of this once-in-a-lifetime opportunity to get my help increasing your income (for less than the cost of a Starbucks habit) I've got some good news.

Actually, I've got 2 good newses (I just invented that word, lol)

**GOOD NEWS #1** - I added a brand new mega-bonus. In my opinion, it will teach you the #1 skill that you need to earn more in anything you do. [See details here.](#)

**GOOD NEWS #2** - I decided to extend the Get Paid What You're Worth bonus. This step-by-step program is designed to help you earn more doing what you're doing right now (whatever that might be).

On the not-so-good news side, I did decide to take these bonuses and all the other bonuses down in a few days.

Then again, that is only not-so-good news for the procrastinators out there.

I'd like to think you're better than that Friend.

Jump on it,

Grant Cardone  
 10X

P.S. After you [see what is on this page](#) you will never ever ever ever have any reason to be stuck at the same income level.

GRANT CARDONE®  
**MARKETING  
SUPPLEMENT GUIDE**

I wanted to share this [free training](#) with you Friend.

Every year I host a mega-event we call the 10X Growth Convention. Forbes rated it the #1 conference on the planet for marketing, but it's way more than that. We've had speakers like Usher, John Travolta, Kevin Hart, Snoop Dogg, and countless A-listers.

GrowthCon is my pride and joy (besides my 2 beautiful little girls of course).

Anyway, I felt like I should share [this particular talk](#) I gave at GrowthCon for a few reasons...

It is a straight talk about what it REALLY takes to succeed. These days it seems every so-called "guru" on the internet would like to tell you that everything is going to be soooooo easy.

Let me tell you... it's not.

It drives me crazy that these bozos are out there bamboozling good people when they've hardly had any real success themselves. They just like to flash their fancy things and act like they are some kind of big deal.

As I like to say, you can fake a lambo, but you can't fake a jet. :)

The other reason I'm sharing this training with you is I think you might need it. Our records show that you still haven't gotten started with the 10X Income System.

If the [free training](#) reminds you what you're truly capable of, I'd recommend you quit pussyfooting around and jump on it.

It's time to take your game to a whole new level.

Kicking you in the butt,

Grant Cardone  
10X

P.S. [All the bonuses](#) come down when the timer hits zero...

I'm about to reveal a side of me you've probably never seen before.

The other day I shared "a day in the life" video that gave an inside look at the glamorous side of making it big. You can [see it here](#) if you happened to miss it.

Today, I'm going to do the complete OPPOSITE.

If you've ever struggled... if you know what it's like to be down and out... [you need to watch this.](#)

I get real and raw in this impromptu iphone confession, to say the least. I let on my depression and all the demons I've had to fight to become the man I am today.

So if you've ever been in a funk, or happen to be in one right now, I hope [this](#) will give you what you need to break free.

Remember, no matter how much people like to put on a happy face online, we all have our challenges.

We're in this together.

Grant Cardone  
10X

P.S. After [watching the video](#) I will invite you to join me on a life-changing journey. It won't be easy, but nothing worthwhile ever is. Remember, motion creates emotion. Keep moving!

P.P.S. Don't miss out...

*This training is educational and should not be considered financial advice. Your results are in no way guaranteed and will depend on several factors including your willingness to take action.*

Can I level with you here Friend?

A short while ago you signed up for my webclass. I'm assuming you did that because you wanted to make more and live a better life.

Am I right?

The reason for this email is you still haven't gotten started with the [10X Income System](#).

Look, if you're not serious about getting a real breakthrough in your income, I totally understand. I'll be ok either way. Feel free to stop reading here, no hard feelings.

Still here?

Good, let's talk.

As I shared on the webclass, there are 2 reasons people don't do the things they want to do.

Reason #1 - They let money stop them

Reason #2 - They don't believe they can do it

A few days ago I sent an email about how to [get started for \\$0 down using Paypal Credit](#). So that rules out the first reason you've been procrastinating.

Now let's tackle the second reason (the real reason).

By now you've already decided that you WANT to get started. You've probably told yourself "man, this sounds awesome... I should do it... BUT..."

[Insert blah, blah, blah here]

GRANT CARDONE®  
**MARKETING  
SUPPLEMENT GUIDE**

Now before you go thinking to yourself "Wow, Grant is harsh" I want you to realize this...

My job isn't to be nice to you. I'm not trying to get you to like me and I don't want to be your role model.

I want to be your COACH.

Your money coach to be more specific.

I'm not the guy that tells you what you WANT to hear. I'm the guy that tells you what you NEED to hear.

If you've thought to yourself at some point over the past week that you *should* do [this program](#) and you still haven't gotten started, then the truth is you need somebody to kick you in the ass.

You can spend your entire life talking about what you *should* do, never knowing what you're truly capable of.

OR...

You can step up and own it.

Look, even if you don't believe in yourself, you can start by believing in me.

When you get the 10X Income System you'll instantly be enrolled in my [virtual coaching](#). If you think this email is motivational, you have no idea what you're about to experience in virtual coaching.

The bottom line is this... it's time to stop clowning around. The simple fact of the matter is you've read this far tells me *you want it*.

If you want it, [go get it](#).

Better yet, let's go get it together.

Pushing you to success,

Grant Cardone  
10X

P.S. Using the term "reason" above was probably being too nice. The reality is those reasons are actually B.S. excuses.

When you work with me I don't accept excuses. They are holding you back. You're bigger than that [first name].

Time for 100% accountability. [Start here](#).

The clock is ticking....

With the deadline in just a few hours (timer below) we've been getting a ton of questions about the [10X Income System](#).

People are excited, but just need clarity on one or two details before making the investment in themselves. Maybe you're the same way too.

Here are the most common FAQs (Frequently Answered Questions)...

- [How can this help me increase my income?](#)
- [How is the 10X Income System different?](#)
- [Is the 10X Income System right for me?](#)
- [When will I get access to all my training?](#)
- [How long does the program take to complete?](#)
- [How does virtual coaching with Grant work?](#)
- [Should I do the 3 month or 12 month plan?](#)
- [If I don't love it can I cancel at any time?](#)
- [What kind of customer support will I get?](#)
- [Why am I still reading these questions?](#)

If you can't find what you're looking for on that page, our team is always here to help.

That said, you are getting down to the wire, so you'll want to move quickly.

It's like Grant always says... *successful people make decisions.*

Once you handle the decision part, we can better help with the success part. :)

Jarrold Glandt  
President  
Cardone Enterprises

By now you know that in order to change your income, you've got to invest in yourself.

By now you realize there is nobody better on the planet to help you achieve your goals than me.

By now you've decided that you *WANT* the 10X Income System, the virtual coaching and all the bonuses.

Now it's just a matter of stepping up and making a strong decision so that me and my team can help...

👉 [Click here and register before the timer hits 0:00 and the bonuses disappear](#)

It is your duty to succeed Friend.

If you *WANT* something and you don't take action on it, I don't call that procrastination. I call it falling short of your potential.

Don't rob yourself and don't rob your family. Let's find out what you're truly capable of.

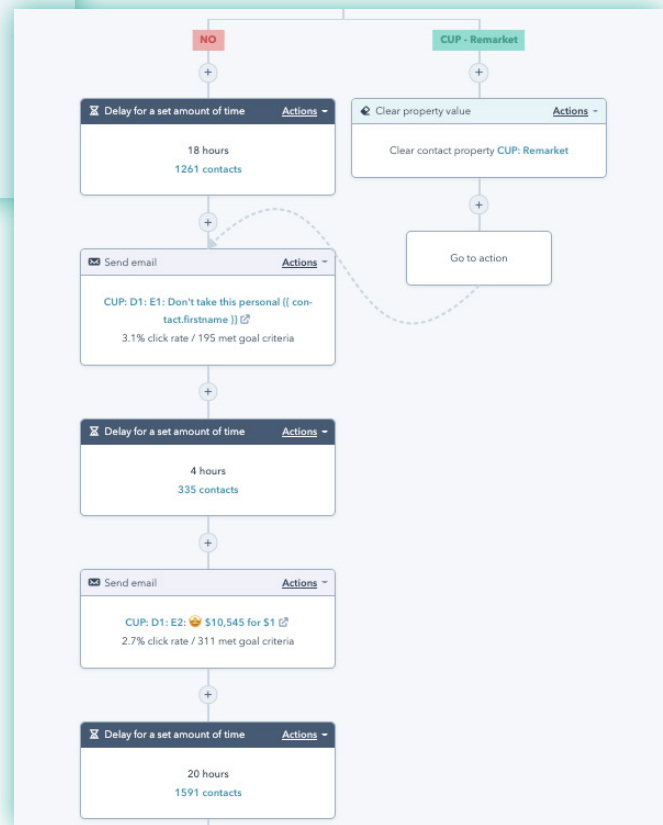

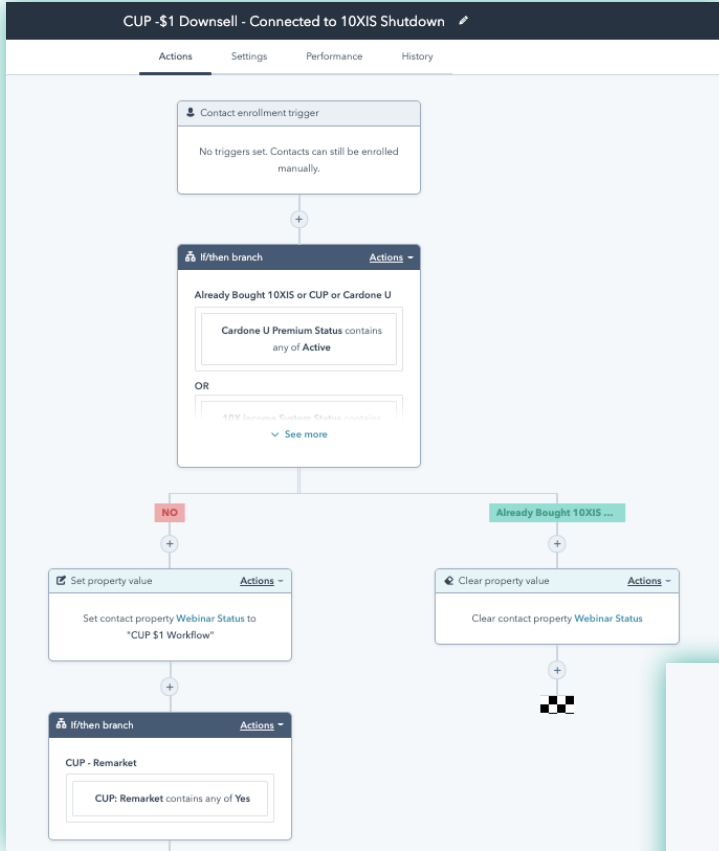

We're in this together.

Grant Cardone  
10X

P.S. [Go here and scroll down the page to see the ridiculous value and bonuses](#) you're going to miss out on if you don't step. Remember though, it's not about bonuses. It's about creating an entirely new reality of what is possible for you.

You can do this.

**Thank God I Read This!!!**  
 Brilliant book and along with the audio it gave me a clear insight on why Uncle G is the man in this field. I've also understood finance and that investment in property is the way to go. I was looking to do fuel key or 4/8 properties until I read/listened to a few minutes of this book. Thank god. Makes clear sense. Breaks down finance and lingo for a new comer to this field to understand. Can't wait to mention these phrases in conversation (just like Uncle G 🤔) but seriously, this is what you need to read before going alone or with a partner. Great value in the additional audio experience as well. Pistol Pete Approves This Book 🤖

 This is amazing. Game changing. Life changing. I am a non accredited investor and a convicted felon. No one ever gave me hope until I ran across uncle G. The information is phenomenal. The way you think when you are investing is way out of this world and I can definitely understand why people hate on you. Your the best that ever happen to me even more than my family no one would have ever taught me this stuff. My real uncle owns 50+ properties including a club and a restaurant and never taught me anything close or gave any value. You are the Goat of real estate that's not just my opinion that's the truth.  I started following Grant at the Growthcon 3 in Miami 2019. I then went to two boot camp events that same year. One thing he thought me was to set massive goals. So I did. I said I wanted to do 10million dollars in sales for my custom home building business.  
 Beau Monde Builders. I am proud to say we have reached 5.6 million this year and that alone has been worth every penny I have invested in Bootcamp! Go

Grant Cardone is a self made real estate investor who started with his life savings of just \$3,500 and turned it into \$1.8B of real estate holdings.

If you recognize Mr. Cardone you have probably seen him talking business and real estate on Yahoo Finance, CNBC and Fox News.

Or maybe you have seen him hanging out with celebrity investors like, Usher, Kevin Hart, Magic Johnson, Floyd Mayweather, John Travolta.

Cardone recently told Yahoo Finance, "The shutting down of America caused by the corona virus will create the biggest real estate opportunity of my lifetime."

Cardone has a track record for profiting from economic contractions:

In 1995, after the savings and loans crash Cardone bought his first real estate deals and made 10X on his investments. He quickly graduated to apartments and turned \$350k into \$5M profit, and did it three more times over the next months accumulating 260 units which made him \$15M.

Today Cardone controls \$1.8B Billion, almost eight thousand units of cash flow producing real estate and is actively adding real estate to his portfolio at this time.

Cardone tells Fox News, "I am going to buy more real estate in the next 18 months than I have my entire career and all your viewers should be doing the same thing."

## PRE-WEBINAR HYPE UP EXAMPLES

### EMAIL 1

Hey, did you know that later this year (2020) will have the BIGGEST real estate deals of your lifetime?

That's why my newest live webinar will also be my biggest ever. Commercial real estate opportunities will be in YOUR local market.

This IS the moment. The Bottom of the cycle is coming. Millionaires will be made.

Will you know what to do and when to do it?

[Register for Live Real Estate Event by CLICKING HERE.](#)

In 2008 right after the biggest housing crash in America when the media was saying real estate was dead... a very specific class of real estate outperformed every market including stocks and bonds.

**Had you bought this class of real estate between 2008-2010 you would have seen in excess of 400X returns. A new cycle is about to begin ----> [get in here.](#)**

Foreclosures are coming and STUPID, crazy deals are about to become available.

You in or out? (*hint: you don't even need money*)

Let me show you how to get a local deal in your area that is going to be the best price you could get in the next 25 years.

—Grant

P.S. Registering is free. What is holding you back? ----> [see all details here.](#)

“Once we believed in the 10X culture through Grant and Cardone University, we realized this is something that Coffman media had to be fully engaged in. Thanks to the 10X culture, we saw a 44% sales lift from last year and this year we will be on track to hit triple digit growth.”

- Jason

“Thanks to Grant Cardone, I've gotten the right vehicle. I'm a real estate agent since 2012, where in my first full year of commissions I sold 7.8 million - 12 million second year, 16 million third year, and 22 million, with an average of \$185,000 sale. This wouldn't be possible without you. Thank you!”

- Vince

“Through Grant Cardone, I was able to write a self-published book in two and a half days, started a Youtube channel, posting videos on growth every single week, all while taking a failing restaurant and launching it into one of the most successful restaurants in the brand.”

A letter from Grant  
 June 2020

The current economy is going to create the GREATEST REAL ESTATE OPPORTUNITY of my lifetime and I am going to take advantage of it, [want to do it with me?](#)

In 1995, after the savings and loans crash I bought my first piece of real estate and doubled my money. My second deal I turned \$350k into \$5M profit. The deal I did thirty days later made me another \$6M.

After 2008 housing crash I bought a deal that has paid me \$2M a year in passive income for 6 years and I refinanced the property pulling out \$60M above what I paid for it and still own it today and it still cash flows.

I have spent tens of thousands of hours and millions of dollars [learning what I know today](#), resulting in creating indestructible wealth for me, my family and charities.

I currently own \$1.88B of cash flow producing real estate and believe we are about to enter the GREATEST real estate opportunity of my lifetime.

Grant knows how to make money from property

Thank, Grant. I had a mortgage business for over 9 years. Got out after the GFC. I now also do sales training. I have been setting goals and asking how to achieve my money goals. I have just completed your book and you have opened my eyes to what is possible and how to make money from bigger deals. I have been holding a 1 door apartment for over 10 years and it's only cost me money. I have been thinking of selling it for some time now. But was stuck in the old thinking, hold property for ever. But know I realise, the affirmation should say, hold the right property for ever. From reading your book. I've decided to sell. I am doing some sales work in the side for a friend of mine who has a non conforming short term finance business here in Australia. I will be taking my money from the sales and going to work to find and do a bigger deal with my friend. Thank you for writing the book and all the good work you do. I have read your other books and watch your videos. While Australians are a bit more conservative to you Americans. You have inspired me to bring the American passion to my sales training business and others businesses. I will build my marketing and with the goal to WAKE PEOPLE UP!! I see how people struggle with sales and selling, yet they all buy marketing or just consider sales to be the dirty uncle they have to deal with but no one likes to talk about. I too am an author and just self published INWANT CUSTOMERS SALES MONEY TODAY. <https://www.amazon.com.au/dp/B08DTM7Y2> I appreciate your great work and drive to inspire and change lives. Thank you GC, Trevor Russell, Australia

Thank God I Read This!!!

Brilliant book and along with the audio it gave me a clear insight on why Uncle G is the man in this field. I've also understood finance and that investment in property is the way to go. I was looking to do full key or 4-8 properties and I read/listened to a few minutes of this book. Thank god. Makes clear sense. Breaks down finance and lingo for a new comer to this field to understand. Can't wait to mention these phrases in conversation (pat like Uncle G lol) but seriously, this is what you need to read before going alone or with a partner. Great value in the additional audio experience as well. [Patrol Peter Approves. This Book](https://www.amazon.com/dp/B08DTM7Y2) #

Knowledge.....

Very good book and very well written. There is a ton of knowledge in this book and lots of little things GC points out for you to think about. With out him pointing it out, I would have been very easily overlooked which would more than likely cost you money in the end.

**This mindset truly works**

I started following Grant at the Growthcon 3 in Miami 2019. I then went to two boot camp events that same year. One thing he thought me was to set massive goals. So I did. I said I wanted to do 10million dollars in sales for my custom home building business. Beau Monde Builders. I am proud to say we have reached 5.6 million this year and that alone has been worth every penny I have invested in Bootcamp! Go VIP To get close to the power!

How many times will you need to hear a story like this before you **FINALLY** take action?

The first half of my life, I watched from the sidelines as others were building *their* dream life.

It wasn't until I finally made the **DECISION** to take action that everything changed for me.

...and **NOW IS YOUR TIME**

I just finished up my most important live training on real estate today. If you missed it, you can watch the replay [HERE](#). (replay will only be available for 72 hours)

During my live training, I offered my **10X** Real Estate Package that includes a 4-week coaching program specifically tailored for real estate.

If you are serious about real estate investing, and don't take advantage of this offer, that typically means one of two things...

1. You don't have the money
2. You don't think it will work for you
3. The internet freaked out and prevented you from buying!

Look... the last thing I would want to have happen is to have *anything* stand in between you and the information that will help you build wealth.

So here is what I am going to do...

If the money is a problem for you... [CLICK HERE FOR A PAYMENT PLAN](#)

Still unsure? Here is what I will do for you - I will offer you a 30 Day Moneyback

Every successful person demonstrates a VERY important trait.

I guess its more like a muscle when I think about it.

...its the ability to be decisive and take action.

They understand the risk but more importantly they understand the UPSIDE of the decisions that they make.

If I didn't make the decisions that I have in my life that required me to confront risk, there is literally ZERO shot of me being where I am today financially.

The first one is always the hardest, but once you get started.... Its GAME ON!

I would encourage you to take the step today.

... I saw that you STILL have not yet pulled the trigger to invest in my Real Estate Training and Mentoring program.

The offer is INSANE and the timing is better than ever to get started in Real Estate.

Hey, Grant here,

Ever regretted not taking action on something?

I do.

A good friend of mine once asked me to invest \$1m to help save his business. At the time I was in the middle of a financial firestorm of my own and simply didn't have the free cashflow to pull the trigger.

**That \$1m investment 10 years ago would be worth almost \$70m today.**

I am reaching out right now because you are about to let a MASSIVE opportunity slide through your hands.

My team let me know that you were about to take advantage of my [10X Real Estate Training Program](#) but you did not take action.

I wanted to personally reach out to make sure that you **DO NOT MISS OUT** on the unprecedented opportunity that is coming in Real Estate.

**NOW** is the time to prepare yourself, to educate yourself, and to align yourself with me to help coach and guide you.

I have done lots of deals to get to \$1.8B in holdings and I am more excited about the next 3 years than any other time period in my life.

If you look back in life... do you have definitive moments that caused a massive change in your direction?

I know that I do. In fact, there were a handful of them for me.

When my Dad died... when I got hooked on drugs... when I got out of rehab... when I borrowed the money to invest in my first training program... and when I bought my first Real Estate deal.

I could have never imagined back then that I would complete over \$2b in Real Estate transactions. Investing in Real Estate changed my life forever.

### COULD THIS BE THAT MOMENT FOR YOU?

Look, by this point I hope you understand the OPPORTUNITY that exists in investing in Real Estate.

My hope is that you take that same first courageous step that I did to start learning about investing.

[CLICK HERE TO HAVE ME COACH YOU ALONG THE WAY](#)

### My program will teach you how to:

- Find Deals
- Underwrite deals
- Fund Deals
- Negotiate Deals
- Manage Deals
- Sell for MASSIVE Profits

My coaching programs start at \$100,000/yr – and I am including a mentoring program FREE.

Hi Friend,

When I was 25 I had a traumatic situation that happened to me which changed the course of my path in life. That was when I woke up and realized that the past does not define me and I am better than that.

I took control of my life and I know that I can help you get wealth and success because I started from nothing and now I have a beautiful wife, two great kids, and I built my own enterprise.

You have to take risks in life in order to achieve greatness. Just from experience, I know the three things that are preventing you from moving forward and signing up for my [real estate training and mentoring program](#) are the three M's -

- ME - You aren't ready to listen to what I have to share with you.
- MONEY - You don't have the funds.
- MOTIVATION - You are not willing to take risks yet.

Let's change that.

I want to hear about your success in real estate. I want to work with you and see all the success you made - if money is an issue [CLICK HERE FOR A PAYMENT PLAN](#). I will also give you a 30 Day Moneyback guarantee if you feel unsure.

The first coaching call begins **SATURDAY, June 6th**, so you have to act now!

Friend,

Have you ever considered the possibility of having consistent cash flow on a monthly basis without working hard? How about owning real estate investments that pay out enough for you to invest and own more properties?

It's possible - I currently own 7,722 units and I am looking to invest even more this year. The real estate market is at an all-time low and this is the time to make money.

If you have been putting your cash in stocks and bonds that give you a piece of paper then you're not investing in the right place. You have the target wrong - it's 100 million, not 1 million.

I created the **real estate mentoring and training program** to help you understand the benefits that come with investing in the right properties at the right time. I know that you want to take the next step, so what's holding you back? Payment plans are available if you [CLICK HERE](#) and you can enroll with confidence with a 30 Day Moneyback guarantee.

Sign up and join me this **Saturday, June 6th**, for the first call and let me show you how you can make a huge profit in the real estate market right now.

Hello Friend,

I want to share something really personal with you.

It's not a secret early in my life that I struggled, and frankly... I'm lucky to be alive.

Thank God I learned the Real Estate game - if you want me to be your coach,  
[ENROLL HERE](#).

Early in my life it seemed like the WRONG decisions were always easy to make and the RIGHT decisions were always the hardest to make.

Ever wonder why that is?

I guess the reason for me (and for you this might be different) was simple.

...it was confidence I had in the outcome. Let me explain.

It was almost like when I was making the WRONG decisions I was confident in what I was going to get in the outcome.

When it came to making the RIGHT decision on things that would have made life easier for me I bumped into my doubts and insecurities on if it would actually work for me.

Fast forward to today... after MILLIONS blown in trial and error and 1000's of hours making mistakes I can tell you this CONFIDENCE is the key to making decisions.

I know that you joined me this past week (along with 80,000 others) for my LIVE Real Estate Training.

But I see that you have not yet taken action on my Training and Mentoring program. So let me ask you.... what is it that you do NOT have confidence about?

Early in my career when I didn't take action it was 1 of 3 things... can I share them with you?

- 1.) I didn't think it would work for me
- 2.) I didn't have enough info
- 3.) I didn't have the money

Sound about right?

Here is how I want to HELP YOU!

First, If you don't think it will work for you, I understand.

Because I don't want you to miss out on this, I want to offer you a 100% Risk Free Guarantee!!

[CLICK HERE](#) to take advantage now.

Second, if you don't have enough info - [CLICK HERE](#) to see more info on the program and what it will do for you.

Finally, if you don't have the money, [CLICK HERE](#) for a payment plan option to help ensure you don't miss out on the BIGGEST Real Estate Opportunity of our lifetime!

Real Estate changed my life for ever and I want to walk you through the steps I took so you can grab a piece of the most reliable way to create wealth in history!

A letter from Grant  
 June 2020

The current economy is going to create the GREATEST REAL ESTATE OPPORTUNITY of my lifetime and I am going to take advantage of it, want to do it with me?

In 1995, after the savings and loans crash I bought my first piece of real estate and doubled my money. My second deal I turned \$350k into \$5M profit. The deal I did thirty days later made me another \$6M.

After 2008 housing crash I bought a deal that has paid me \$2M a year in passive income for 6 years and I

# GRANT CARDONE® MARKETING SUPPLEMENT GUIDE

refinanced the property pulling out \$60M above what I paid for it and still own it today and it still cash flows.

I have spent tens of thousands of hours and millions of dollars learning what I know today, resulting in creating indestructible wealth for me, my family and charities.

I currently own \$1.88B of cash flow producing real estate and believe we are about to enter the GREATEST real estate opportunity of my lifetime.

I am going to buy more real estate in the next 18 months than I have my entire career and want to show you how to do the same.

**Dan Terri Edwards** Completely Agree Brad! GC, Elena and the entire Team at Cardone Capital are Top Notch people. These folks have bustled their tails for 20+ years and have achieved the Financial Freedom I now seek. Willingly they offer their time, their experience and the opportunity for regular people like myself to get in on the financial fast track that typically only the elite have access to. Spilling from my own experience....The journey is tough for sure, but the rewards and experiences are priceless!! We invest regularly with Cardone Capital and will continue to do so and we too achieve the Financial Freedom we so diligently work towards. Anyways.... Just wanted to let you know I was encouraged by your post.

Very good book and very well written. There is a ton of knowledge in this book and lots of little things GC points out for you to think about. With out him pointing it out, it would have been very easily overlooked which would more than likely cost you money in the end.

some sales work in the state for a friend of mine who has a non confirming short term finance business here in Australia. I will be taking my money from the sales and going to work to find and do a bigger deal with my friend. Thank you for writing the book and all the good work you do. I have read your other books and watch your videos. While Australians are a bit more conservative to you Americans. You have inspired me to bring the American passion to my sales training business and others businesses will build, my marketing and with the goal to WAKE PEOPLE UP! I see how people struggle with sales and selling, yet they all buy marketing or just consider sales to be the dirty uncle they have to deal with but no one likes to talk about. **Thank God I Read This!**  
Brilliant book and along with the audio it gave me a clear insight on why Uncle G is the man in this field. I've also understood finance and that investment in property is the way to go. I was looking to do full key or 4/8 properties until I read/listened to a few minutes of this book. Thank god. Makes clear sense. Breaks down finance and lingo for a new comer to this field to understand. Can't wait to mention these phrases in conversation (just like Uncle G) but seriously, this is what you need to read before going alone or with a partner. Great value in the additional audio experience as well.

*Yes, I Want Grant To Mentor Me Through My First Deal!*

A letter from Grant  
 May 2020

The current economy is going to create the GREATEST REAL ESTATE OPPORTUNITY of my lifetime and I am going to take advantage of it, want to do it with me?

In 1995, after the savings and loans crash I bought my first piece of real estate and doubled my money. My second deal I turned \$350k into \$5M profit. The deal I did thirty days later made me another \$6M.

After 2008 housing crash I bought a deal that has paid me \$2M a year in passive income for 6 years and I refinanced the property pulling out \$60M above what I paid for it and still own it today and it still cash flows.

I have spent tens of thousands of hours and millions of dollars learning what I know today, resulting in creating indestructible wealth for me, my family and charities.

I currently own \$1.88B of cash flow producing real estate and believe we are about to enter the GREATEST real estate opportunity of my lifetime.

I am going to buy more real estate in the next 18 months than I have my entire career and want to show you how to do the same.

#How to Create Wealth Investing in Real Estate

I have been setting goals and asking how to achieve my money goals. I have just completed your book and you have opened my eyes to what is possible and how to make money from bigger deals. I have been holding a 1 door apartment for over 10 years and it's only cost me money. I have been thinking of selling it for some time now. But I was stuck in the old thinking, hold property for ever. But know I realise, the affirmation should say, hold the right property for ever. From reading your book, I've decided to sell. I am doing some sales work in the side for a friend of mine who has a non confirming short term finance business here in Australia. I will be taking my money from the sales and going to work to find and do a bigger deal with my friend. Thank you for writing the book and all the good work you do. **This mindset truly works**  
 I started following Grant at the Growthcon 3 in Miami 2019. I then went to two boot camp events that same year. One thing he thought me was to set massive goals. So I did. I said I wanted to do 10million dollars in sales for my custom home building business. Beau Monde Builders. I am proud to say we have reached 5.6 million this year and that alone has been worth every penny I have invested in Bootcamp! Go VIP To get close to the power!

Dan Terri Edwards Completely Agree Brad!! GC, Elena and the entire Team at Cardone Capital are Top Notch people. These folks have busted their tail for 20+ years and have achieved the Financial Freedom I now seek. Willingly they offer their time, their experience and the opportunity for regular people like myself to get in on the financial fast track that typically only the elite have access to. Speaking from my own experience... The journey is tough for sure, but the rewards and experiences are priceless!! We invest regularly with Cardone Capital and will continue to do so until we too achieve the Financial Freedom we so diligently work towards. Anyway... just wanted to let you know I was encouraged by your post.

Yes, I Want Grant To Mentor Me Through My First Deal!

A letter from Grant  
June 2020

The current economy is going to create the GREATEST REAL ESTATE OPPORTUNITY of my lifetime and I am going to take advantage of it, [want to do it with me?](#)

In 1995, after the savings and loans crash I bought my first piece of real estate and doubled my money. My second deal I turned \$350k into \$5M profit. The deal I did thirty days later made me another \$6M.

After 2008 housing crash I bought a deal that has paid me \$2M a year in passive income for 6 years and I refinanced the property pulling out \$60M above what I paid for it and still own it today and it still cash flows.

I have spent tens of thousands of hours and millions of dollars learning what I know today, resulting in creating indestructible wealth for me, my family and charities.

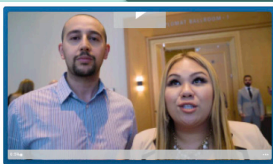

I currently own \$1.88B of cash flow producing real estate and believe we are about to enter the GREATEST real estate opportunity of my lifetime.

I am going to buy more real estate in the next 18 months than I have my entire career and [want to show you how](#) to do the same.

**DISCLAIMER:** I can't promise that you will build a billion dollar real estate portfolio but I will assure you I would have \$10 billion had I known what I know today. While I can't make you a financial promise of sorts, I do promise to advance your path faster with me than without me.....

Thank God I Read This!!  
Brilliant book and along with the audio it gave me a clear insight on why Uncle G is the man in this field. He also understood finance and real investment in property is the way to go. I was looking to do full buy or 4B properties until I read this in a few minutes of the book. Thank God Mike's clear sense. Breaks down finance and lingo for a new comer to this field to understand. Can't wait to mention these phrases in conversation with Uncle G. But seriously, this is what you need to read before going alone or with a partner. Great value in the additional audio experience as well.

**This mindset truly works**

I started following Grant at the Growthcon 3 in Miami 2019. I then went to two boot camp events that same year. One thing he thought me was to set massive goals. So I did. I said I wanted to do 10million dollars in sales for my custom home building business. Beau Monde Builders. I am proud to say we have reached 5.6 million this year and that alone has been worth every penny I have invested in Bootcamp! Go VIP To get close to the power!

"Once we believed in the 10X culture through Grant and Cardone University, we realized this is something that Coffman media had to be fully engaged in. Thanks to the 10X culture, we saw a 44% sales lift from last year and this year we will be on track to hit triple digit growth."

- Jason

"Thanks to Grant Cardone, I've gotten the right vehicle. I'm a real estate agent since 2012, where in my first full year of commissions I sold 7.8 million, 12 million second year, 16 million third year, and 22 million, with an average of \$185,000 sale. This wouldn't be possible without you. Thank you!"

- Vince

"Through Grant Cardone, I was able to write a self-published book in two and a half days, started a Youtube channel, posting videos on growth every single week, all while taking a failing restaurant and launching it into one of the most successful restaurants in the brand."
